MR. J. P. CLARK is now calling upor ribers in Penobscot County. P. O. add Mr. C. S. AYER will call upon our subscribers Franklin County during August and September.

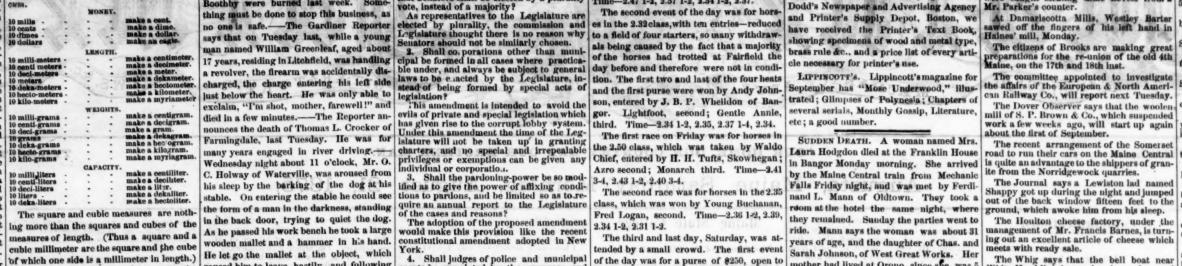

The Metric System.

Great efforts are now being put forth to substitute what is called the metric system of weights and measures, for the one now in use. A pamphlet has recently been issued in favor of the change, bearing the signatures of the members of the American Academy of the Arts and Sciences, as well as of other distinguished American citizens Agreements have also been drawn up, and are being circulated among the business men of the country, pledging them to adopt the metric system on, and after July 4th 1876. In the larger cities, many signatures have been obtained. In the city of Boston the architects are reported to be nearly unanimous in favor of the change.

The metric system has long been in vogue N. E. Society.

Two thousand dollars are offered for trot in several European countries, and has now received the legal sanction of more than ting horses owned in New England, in six half the civilized world. It was made compurses, as follows: \$200 for 4 year old pulsory in Germany, in 1872. In 1866 the system was legalized in the United States though its adoption was made optional with 2.29 class. The entries close Aug. 31st. the people. Since that time the subject has Numerous entries of stock are already refrequently been urged upon the legislatures ceived. One man in Northern New Hamp of the several States, and by other methods shire has entered twelve horses and thirtybrought to the notice of the public. The six head of eattle, and another thirty horses proposition to adopt it as a centennial re-The dog show promises to be a prominen form meets with much favor and we shall feature of the fair, and a large number doubtless see the system in operation in entries are already received. The managers of the fair be many and serious difficulties attending are erecting an additional exhibition hall.

so radical a change which can only be over come by the lapse of time. The proposed change is well illustrated in our federal currency which increases in the White Mountains over the Maine Central same proportion as simple numbers and its and Portland & Ogdensburg Railroads, at advantages for transacting business over largely reduced rates, and arrangements are the pounds, shillings and pence system, is made by which excursionists are entitled to claimed to be a good illustration of its con- a reduction of one-third the regular fare for venience and value when applied to other board at Crawford's, and Fabyan's and the substances. The proposed system is simply Tip Top House, Mt. Washington. They one of teaths, or in other words, it estab-lishes an unvarying rule that ten of a lower denomination shall make one of the next from Augusta and Hallowell to Fabyan's higher. By the operation of this rule, all and Crawford's and return, \$7.50; Gardines arbitrary numbers will be discarded, and and Richmond, \$7.25. The favorable op the perplexing necessity of reducing com- portunity to view the wonders of the Notch pound numbers may be left out of our new for the first time opened to the public. school text-books altogether. The tables of at so cheap a rate, we are sure will not be the metric or decimal system require the allowed to pass unimproved. We underuse of only twelve words with their com- stand that a large excursion party for the pounds, and these words are already in use the English language. Computations which new require the use of paper or slate and pencil, under the decimal plan, can be solved mentally with great facility. Another and important advantage in the adop tion of this system is that it would be uniform the world over and the tiresome process of reducing the weights, measures and currency of one country to that of another, would be avoided. Scientific men of this country have been obliged to learn the mete system is actually in use. The advantages of substituting this plain, simple and logical system of increments for our present varied and arbitrary methods is gener ally conceded, and the only objection mad to the change is the difficulty of adapting ourselves to it, and the experience of those ountries which have made the change, goes ceived a testimonial from the Nonantum jection has been greatly magnified. If a general movement is to be made for the adoption of this system next year, and it to the city in September, 1874. There was now seems probable, there is no doubt it a large gathering of fireman and the speech will come into general use, and the sooner of presentation was made by C. A. Hill of our people exert themselves to become fa-miliar with it, the better it will be for them. Illustrated charts have been prepared, and can easily be had which explain the whole

THE TURE. There was an exciting race at Rochester, New York, Saturday, the attendance being 20,000. The free-for-all race and American Girl. The betting was 4 to 1 on the Maid, and with her barred, \$50 to \$40 on the American Girl against the field. as Lulu broke up badly on the scoring. The first heat was won by Goldsmith Maid in 2 .-15 1-2, with American Girl, who had the lead the half, a good second Lulu third and Nettie fourth. The second, heat was won by Lulu in 2,161-2, amid the wildest excitement. Nettie was third and the girl fourth. The third heat was won by Lulu in 2.151-2. She crossed the wire a length and a half ahead of the Maid. Nettie was third and the Girl just saved her distance. The fourth heat and race was won by Lulu in 2.17, leading the Maid by a head only; American Girl third and Nettie last. These are the best four conescutive heats on record, and Lulu has taken the place of Goldsmith Maid as queen of the turf.

The Biddeford Times says that last veek, a clergyman of that city went into Pwambly & Cleaves' jewelry store and asked how long the firm had been in the business. Mr. Twambly answered "about twelve or thirteen years." The minister then took eighteen dollars from his wallet and said, I owe you this money. About twelve years ago I was trading with you, in making change you gave me a twenty dollar bill for a two dollar bill. I said nothing and ker t the money. It has always troubled my conscience very much, and while at the campmeeting lately at Old Orchard I resolved to estore the money. Mr. Twambly took any good?

A correspondent says that on Monday fternoon as Mr. Abram Pettengill of Hermon Centre, was hauling his last load of hay, he met with an accident which came very near terminating his life. He was sitting on the forward part of the load driving the horses, when he was taken with a fainting fit and fell from the load, striking be tween the horses, frightening them so they started into a run, throwing bim under the wheel, which caught him just back of the Centre, Somerset county, Me.; Edward D.

Part Quant Allers.

Part grant and other the control of the contro any one. We want men, women, boys and girls all over the country to sell our Fine girls all over the country to sell our Fine steel Engravings, Chromos, Crayon Drawings, Illuminations, Photographs, etc., etc. We now publish the inest assertiment over placed before the public, and our prices are marked down so low as to defy all competition. Those who cannot give the business their whole time, or go far away from home, can add a handsome little sum to their income by working for us in their own localities during their spare time.

We have many old agents at work for us who have made canvassing to books, papers, etc., their business for years, and they all report that they can make much more money at work for us than at anything else. Our prices are so low that all can afford to purchase, and therefore the pictures sell at sight at almost every house. New beginners do as well as agents who have had large experience, for our beautiful subjects and low prices are appreciated by all. To make large agies every where, all an agent has to do is to show the pictures from house to house. Don't look for work elsewhere until you have seen what great inducements we offer you to make money. We have not space to explain all here, but send us your leisure shours, or for your whole time. Now is the favorable time to engage in this business. Our pictures are their entire attention, can work up their own localities and make a handsome sum without ever being away from home over night. Lot all who want pleasent in the their addresses at once, and learn all about the business for themselves. Please etale what paper you saw this advertisement in.

SEA CAPTAIN CURED

RHEUMATISM MUST GRIN BEAR

HE GRINS WITH JOY.

LEXINGTON, Mass., June 23, 1876.

PROF. ALPHONSE HILLER:

DEAR SIR—For the alleviation of the human suffering I feel it my duty as well as pleasure to certify to the following lacts in my own case:

The past spring I was sore afflicted with Sciatio-Rheumatism, suffering night after night and all might, without the least cessation, the most exercicating pain I ever knew. My doctor who practiced in my tamily for over thirty years, to my entire satisfaction, and in whom I still have the utmost confidence, said that "medicine would do me no good—he could not help me, time probably would, and in six or eight weeks it might leave me; in the meantime I must grin and bear it." But I was not disposed to do so, and in my deeperation caught at the first article which under the name of Quack or Patent Medicine, or any other remedy, promised: relief. It happened that this was the

Diamond Rheumatic Cure, obtained at No. 38 Hanover St., Boston. The statements accompanying directions seemed reasonable, and I determined to give it a fair trial. I did so, at the same time being without faith in its efficacy. I followed the directions, and the results were that on using the third tottle I was sensible that it was acting powerfully and favorably, and hefore using the fourth bottle my pain had passed away, and I now have occasion to grin (with joy) that I no longer have to bear them. Yours respectfully,

We take pleasure in endorsing the above testimony and facts as the truth. GEO. C. GOODWIN & CO Mr. Phelps is a gentlemen well and favorably known in this community, and for the past forty years has been recognized by our shipping merchants as one of the most successful captains salling from the port of Boston. This testimony is genuine and speaks more than columns could express in favor of the great merits of the Diamond Rheumatic Cure.

This medicine is prepared by a careful, exper-This heuters is present a property of the conscient of the deare of numberless friends in the profession, in the trade and among the people. Every bottle is warranted to contain the full strength of the mediators. arranted to contain the full strength of the medi-cine in its highest state of purity and development, and is superior to any medicine ever compounded for this terrible complain.

In simple cases sometimes one or two doses and the an ampie cases sometimes one or two doses sume.

In the most chronic cases it is sure to give way by
the use of four or five bottles. By this efficient and
simple remedy, hundreds of dollars are saved to
those who can least afford to throw it away, as sury it is, by the purchase of useless prescriptions. It is, by the purchase of useless prescriptions. The DIAMOND RHEUMATIC CURE is for sale at all Druggists throughout the United States and Canada. If it happens that your Druggist has not got it natock, ask him to send for it to the Wholease Druggists in B-ston, Portland, Bangor, Concord, N. H., Worcester, Providence and other pinces. Price \$1 a Bottle.

The Diamond Rheumatic Cure is soid in Augusta by PARTRIDGE BROS.

Ayer's Hair Vigor, FOR RESTORING GRAY HAIR

the hair gray, and either of them incline it to shed prematurely.

Ayer's Hair Vigor, by long and extensive use, has proven that it stops the falling of the hair immediately; often renews the growth, and always surely restores its color, when faded or gray. It stimulates the nutritive organs to healthy activity, and preserves both the hair gans to healthy activity, and preserves both the bail becomes glossy, pliable and strengthened; lost hair regrows with lively expression; falling hair is becked and stablished; thin hair thickens; and fadation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft

for its grateful and agreeable perfume, and value for the soft lustre and richness of tone it imparts.
